**Celebration Date:**

March 23, 2023

**Audience Covered:**

124 Students and 10 Faculties

Innovation Club Coordinators were organized and trained in FDP at KCG for the purpose of enabling innovation club coordinators to carry out innovation activities at the college level. Apart from the training of FDP, 1 day of Prabodh level training

was also given to the colleges. Taking into consideration the DIY KIT taught in FDP and Prabodh level training, each college has to do the activities according to each week. The activities for the first 2 weeks are as follows.

Dr. Ankit Patel SSIP Coordinator, Arts Commerce Science College and Roshni Parmar Madam B.Ed. in a joint initiative of B.Ed College and Arts Commerce Science College on 23/2/2023. A beautiful program was organized for the first week of DIY KIT training at the college along with the college co-ordinator

### Purpose behind organizing this Workshop:

- To make Students aware with the new technologies.
- To make students more skilful according to the need of industry.
- To alert students with the need of advanced skill.
