“Remedial Coaching Program”

Introduction:

The remedial coaching program envisions supporting weak learners in different subjects and provides them more focused teaching support to enhance their qualitative and quantitative subject knowledge, academic skills and linguistic proficiency. Since our college has majority of students whose socio-economic status are weak, the remedial coaching offers them a good sustenance and attention. Faculties also get a chance of effective mentoring of such under privileged groups. The main facets of remedial coaching carried out in our college are well organized classes, exact screening, perfect training and repeated exams. These strategies have facilitated us to upraise our pass percentage to a great extent.

Purpose of Remedial Coaching Program:

- To improve the academic skills and linguistic proficiency of the students in various subjects.
- To raise their level of comprehension of basic subjects to provide a stronger foundation for further academic work.
- To identify slow learners so that it can facilitate better handling of students according to their academic needs.
- To make the students assess their academic score and to revise the subject knowledge.
- To improve academic skills
- To strengthen the students to pursue higher education
- To provide a strong foundation in their academics

Activities Followed by:

Guidelines for Conducting Remedial Classes

- The remedial classes can be conducted for Regular courses as well as backlog courses.
- The students who failed in last regular examination (for backlog courses) and mid-terms exams (for regular courses) shall be considered as academically challenged students. However, other students may also be permitted.
- The remedial classes may be offered for entire curriculum or specific modules depending on analysis carried out at institute level.
- Remedial classes may be conducted by faculty from own institute.
- Remedial classes shall be conducted with the consent of academically challenged students and without affecting the regular classroom timings.
- The students should be examined regularly to see the progress in the performance.
- The faculty will record all the data such as attendance, materials provided, students feedback, extent of academic improvement in the students' performance, etc.
